Rue du Centre

1025 St-Sulpice / Lausanne

Switzerland

Pierre is the Founding Partner of PMG and has an experience of more than 35 years in dispute boards, mediation, adjudication, arbitration (as arbitrator and forensic expert) and engineering on large scale projects (construction and industrial projects). He has been involved in Europe, Asia (where he was resident), Africa, Middle East and south America. He was a Commissioner at the United Nations Compensation for the Gulf war damages and member of the Supervisory Board for the Alptransit Railways tunnels in Switzerland. He is the author of several papers on prevention and resolution of disputes and lectured at various universities (engineering and law faculties).
